The STS was the successor to the Cadillac Seville, which beginning in 1987 was available as an upscale performance-oriented STS (for Seville Touring Sedan) version, and comfort-oriented SLS (for Seville Luxury Sedan). The next year, the STS received Cadillac's then-new Northstar System, including the aluminium DOHC L37 Northstar V8 engine.

For 2016 it's a new 3.6 engine. The 3.6 is a lot faster than your V8 Deville. The 2.0T is also faster than your V8, assuming it's a stock V8. Aftermarket parts are also going to be hard to get for new current engines. I feel what your mechanic is saying, no matter how good he is, is like saying "don't buy a car because it might break".
